# MEMORANDUM

## Department of Budget and Finance

To: Bid Specification Committee

From: Herb Hyman, CPPB, Procurement Manager 

Through: William Ackerman, Budget and Finance Director 

Subject: Towing Franchise

Date: January 22, 2008

The information contained herein is provided to the members of the selection committee to assist in the scoring evaluation of each firm in accordance with the RFP document.

On Thursday, January 18, 2008, Herb Hyman, Sgt. Greg Gasse, and Mark Siegel visited the tow yards of A & B Towing and A Superior Towing.

### A & B Towing

**Franchise Fee offered (maximum of 45 points)** - \$230,000/yr.

**Facilities equipment, condition of equipment and facilities, record keeping procedures, financial capacity, convenience of principal compound location, and hours of operation (maximum of 30 points)** – We inspected 2 class A trucks, 3 class B trucks and 1 class C truck. All trucks were in good mechanical condition and were equipped with all tools listed on the Town's RFP. All trucks had valid registrations and all trucks were insured. All trucks were painted and had the company name, address, and phone number clearly visible on the truck body. The record keeping procedures were primarily hard copy paper records although there were non-networked computer records as well. A check of three randomly chosen invoices was performed. All invoices were itemized and clearly identified charges. The compound was secured by a 6 ft. high chain link fence. Outside storage was adequate for at least 50 vehicles and inside storage was adequate for at least 10 vehicles. The principal compound is located 4.2 miles from the Town's southeastern most border.

**Experience, staff, technical approach, references (maximum 25 points)** – A & B is the Town's current franchisee and has been awarded the Town's towing franchise on other occasions over the past 15 years. Personnel were very familiar with their job functions and how their jobs tied into the overall performance of the organization. All staff members were dressed in the company uniform. Staff was very congenial. All reference checks were excellent. This company was equipped with their own diesel fuel tanks and stand by emergency generator. This vendor received a rating of B- from the Better Business Bureau.

#### **A Superior Towing**

**Franchise Fee offered (maximum of 45 points) - \$68,800/yr.**

**Facilities equipment, condition of equipment and facilities, record keeping procedures, financial capacity, convenience of principal compound location, and hours of operation (maximum of 30 points) –** We inspected 1 class A truck, 4 class B trucks and 1 class C truck. All trucks were in good mechanical condition and were equipped with all tools listed on the Town's RFP. All trucks had valid registrations and all trucks were insured. All trucks were painted and had the company name, address, and phone number clearly visible on the truck body. The record keeping procedures were fully automated. A check of three randomly chosen invoices was performed. All invoices were itemized and clearly identified charges. The compound was secured by a 6 ft. high chain link fence. Outside storage was adequate for at least 50 vehicles and inside storage was adequate for at least 10 vehicles. The principal compound is located within the Town of Davie.

**Experience, staff, technical approach, references (maximum 25 points) –** The company appeared to be very well organized. Personnel were very familiar with their job functions and how their jobs tied into the overall performance of the organization. Staff was very congenial. All staff members were dressed in the company uniform. All reference checks were excellent. This company was equipped with their own diesel fuel tanks and stand by emergency generator. We found 2 ratings in the Better Business Bureau report. The first was a rating of C for Superior Towing with the Davie address. The second was a rating of D for A Superior Towing with a Plantation address.

On Monday, January 28, 2008, Herb Hyman, Sgt. Greg Gasse, and Mark Siegel visited the tow yards of Westway Towing and HTS Towing.

#### **Westway Towing**

**Franchise Fee offered (maximum of 45 points) - \$195,000/yr.**

**Facilities equipment, condition of equipment and facilities, record keeping procedures, financial capacity, convenience of principal compound location, and hours of operation (maximum of 30 points) –** We inspected 2 class A truck, 2 class B trucks and 2 class C truck. All trucks were in good mechanical condition and were equipped with all tools listed on the Town's RFP. All trucks had valid registrations and all trucks were insured. All trucks were painted and had the company name, address, and phone number clearly visible on the truck body. There were some trucks that indicated a company address other than the Ft. Lauderdale address. The record keeping procedures were fully automated. A check of three randomly chosen invoices was performed. All invoices were itemized. However, items on the invoices were not broken down to unit prices and quantities (i.e. lump sum amounts were listed). The compound was secured by a 6 ft. high concrete wall. Outside storage was adequate for at least 50 vehicles and inside storage was adequate for at least 10 vehicles. The principal compound is located 5.1 miles from the northeastern most boundary of the Town of Davie. The Town's RFP document requires the compound to be within 5 miles of the Town of Davie boundaries. In addition, the owner of the company showed us another location within the Town of Davie that he is currently leasing on a month to month basis. The owner represented to us that if Westway were awarded the franchise, he would enter into a 5 year lease on the property. The Davie location had adequate inside storage and office space. There was also an outdoor lot located across the street that was adequate for at least 50 cars. The Town's RFP does not recognize a contingency lease as a valid lease agreement. In addition, the Town's RFP requires all

facilities to be located at the same compound (i.e. inside storage, outside storage, and offices). The Davie location shown had the inside storage and offices on the west side of 47 Ave. and the outside storage located on the east side of 47 Ave. approximately 100 yds. south of the offices.

**Experience, staff, technical approach, references (maximum 25 points)** – The company appeared to be very well organized. Personnel were very familiar with their job functions and how their jobs tied into the overall performance of the organization. Staff was very congenial. All drivers were dressed in the company uniform; office personnel were not dressed in uniform. All reference checks were excellent. This company was equipped with their own diesel fuel tanks and stand by emergency generator. This vendor operates a repair shop on the same premises as his tow yard. This vendor received a rating of C- from the Better Business Bureau.

#### **HTS Towing**

**Franchise Fee offered (maximum of 45 points)** - \$120,001/yr.

**Facilities equipment, condition of equipment and facilities, record keeping procedures, financial capacity, convenience of principal compound location, and hours of operation (maximum of 30 points)** – We inspected 1 class A trucks, 3 class B trucks and 2 class C truck. All trucks were in good mechanical condition and were equipped with all tools listed on the Town's RFP. All trucks had valid registrations and all trucks were insured. However, all trucks listed the owner as Page One Enterprises. When questioned, the owner advised that Page One was the parent company and HTS was a dba. All trucks were painted and had the company name on the truck body. Some trucks had the company address on it but not all of trucks listed the address. All trucks had a phone number listed on it but some trucks listed one number and other trucks listed another number. When questioned, the owner advised that both numbers were business phone lines for his company. The invoicing procedures were primarily hard copy paper records. The dispatcher and other office staff were operating from a networked computer system. All invoices were itemized and clearly identified charges. The compound was secured by a 6 ft. high chain link fence. Outside storage was adequate for at least 50 vehicles and inside storage was adequate for at least 10 vehicles. The principal compound is located within the Town of Davie.

**Experience, staff, technical approach, references (maximum 25 points)** – The company appeared to be somewhat organized. There was no one manning the cashier station when we toured the facility. Personnel were very familiar with their job functions and how their jobs tied into the overall performance of the organization. Staff was very congenial. All drivers were dressed in the company uniform; office personnel were not dressed in uniform. All reference checks were excellent. This company was equipped with their own diesel fuel tanks and stand by emergency generator. This vendor received a rating of F from the Better Business Bureau.

## Company Reports

### Rating Explanation

#### Summary

The rating the Better Business Bureau assigns a business is determined by our composite score of such factors as its type of business, length of time in business, compliance with competency licensing requirements, complaint volume, complaint history, seriousness of complaints, how the company responds to complaints, and our experience with the company's industry in general. The scoring system takes into account the importance we feel each factor is to the company's reliability.

The highest rating assigned to a company is A+; the lowest is F. Between those two ratings are nine others in order from higher to lower. The ratings are defined as follows:

Our rating of a company and our reliability report on a company reflect our conclusions and opinion about the company based upon information in our files and our experience with the company. Neither the rating nor the report is a guarantee of reliability. Readers should not rely solely upon a company's rating, but should read and consider the entire report, including complaint and response details, before deciding whether or not to do business with the company.

<b>Company Rating</b> <b>A+</b>	<b>A+</b> An exemplary rating. This means that nothing in our files causes us to have any doubt about the company's reliability.
<b>Company Rating</b> <b>A</b>	<b>A</b> An extremely high rating. The condition that lowers this grade from AAA is not what we believe to be a significant one.
<b>Company Rating</b> <b>A-</b>	<b>A-</b> An excellent rating. A company with this rating may not rate higher because of a greater number of rate-lowering factors, but we do not consider them to be factors that would likely adversely affect consumer transactions.
<b>Company Rating</b> <b>B+</b>	<b>B+</b> A very high rating. A company with this rating would not have a significant number of complaints or other considerations that could pose a problem to consumers.
<b>Company Rating</b> <b>B</b>	<b>B</b> A high rating. The company would generally have demonstrated good business-consumer relations, and we would expect any consumer complaints not to be of a serious nature and to be satisfactorily handled by the company.
	<b>B-</b> A good rating that still implies reputability. The rating may relate to length of time in business, a past problem that's been corrected, or

Company Rating <b>B-</b>	something else that does not cause problems for consumers. We believe a company with this rating would generally conduct business and respond to any complaints satisfactorily.
Company Rating <b>C+</b>	<b>C+</b> A good rating. We would expect nothing less than a satisfactory business transaction, but read our full report to determine if you have any questions or concerns.
Company Rating <b>C</b>	<b>C</b> Average rating. We would expect consumer transactions to be satisfactory. Since each transaction is individual, read our full report to determine if you have questions or concerns.
Company Rating <b>C-</b>	<b>C-</b> Acceptable rating. We know of no reason not to do business with this company. If the level of this rating relates to anything specific that we know might be of concern to consumers, it is stated in this report. Read our full report to determine if you have questions or concerns.
Company Rating <b>D</b>	<b>D</b> We have enough concerns about this company (for example, their office customer complaints, advertising, etc.) that we recommend caution in doing business with it.
Company Rating <b>F</b>	<b>F</b> We strongly question the company's reliability for reasons such as that they have failed to respond to complaints, their advertising is grossly misleading, they are not in compliance with the law's licensing or registration requirements, their complaints contain especially serious allegations, or the company's industry is known for its fraudulent business practices.
Company Rating <b>NR</b>	<b>NR</b> "NR" is displayed when the Bureau is conducting system maintenance.

**Purpose of Form**

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

**U.S. person.** Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
- Certify that you are not subject to backup withholding; or
- Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a partner if you are

- An individual who is a citizen or resident of the United States;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States; or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity.
